SHAUN KABELO RASEBOTSA

Tzaneen, Limpopo | 065 678 5140 | shaunrasebotsa@gmail.com | Willing to relocate

PROFESSIONAL SUMMARY

I am an ambitious and purpose-driven IT graduate who thrives in turning ideas into practical solutions. I approach challenges with curiosity, persistence, and a commitment to doing things the right way. I enjoy understanding how systems fit together, improving processes, and finding clear logic in complex problems. I take pride in learning quickly, working well with others, and contributing to an environment where consistent growth and high-quality work matter. I am ready to bring energy, discipline, and a strong problem-solving mindset to a team that values innovation and continuous improvement.

EDUCATION

- Diploma in information Technology – Nelson Mandela University
  Completed 2025

- National Senior Certificate (Grade 12) – Zivuko Senior Secondary
  Completed 2020

TECHNICAL SKILLS

Programming Languages: C#, JavaScript, Python, HTML, CSS

Frameworks & Tools: ASP.NET Core, Entity Framework, Bootstrap, Git, Visual Studio

Databases: SQL Server

Data Analysis: Pandas, Matplotlib

Other: MVC Architecture, SDLC, windows forms, debugging, best coding practices

Productivity Tools: Office 365 (Word, Excel, PowerPoint, Outlook)

PROJECTS

- **Bus Booking System (2025):** Role-base Dashboards, CRUD operations, ASP.NET Core MVC, SQL Server
  https://github.com/Shaunkabelo/BUS_BOOKING_SYSTEM
- **Employee Management System (2024):** CRUD operations, authentication, data validation
- **Fridge Management Web App (2024):** Role-base Dashboards, Authentication, Authorization, ASP.NET Core MVC, SQL Server
  https://github.com/Shaunkabelo/FridgeManagementSystem
- **Data Analysis Practical (2023-2024):** Data cleaning, transformation, visualization using seaborn

- **School Management System (2023):** Academic records management, reporting, windows forms, SQL Server

EXPERIENCE (informal)

Freelancer (2023-2024) Software Development assistant

Upwork

- Assisted clients with debugging, feature implementation, and code reviews
- Developed small modules and scripts using C# and JavaScript

CERTIFICATIONS

- Cisco – Introduction to Networks (2023)
- Cisco – Introduction to Cybersecurity (2022)

STRENGTHS

- Fast learner, adaptable to new tech stacks and platforms with curiosity
- Strong problem-solving mindset and can-do attitude
- Detail-oriented and committed to clean, readable, well-commented code
- Excellent communication and teamwork ability
- Organised, reliable, and proactive
